SUMMARY

I am a motivated high school student with a solid track record of academic excellence seeking an internship to gain professional experience. I possess a strong foundation in programming concepts and am eager to apply my skills in web development, machine learning, and mobile app development. My commitment to continuous learning and passion for technology drive my aspirations in the software development field

EDUCATION

Bachelor of Technology in Artificial Intelligence and Machine Learning

Vivekananda Institute of Professional Studies - Technical Campus

📅 10/2022 - 08/2026   📍 Delhi   CGPA(till now) - 8.4

XII (CBSE)

ksk academy   📅 04/2020 - 04/2021   📍 Delhi

X (CBSE)

ksk academy   📅 04/2018 - 03/2019   📍 Delhi

PROJECTS

Technical Projects

📅 05/2024 - 01/2025

Diverse projects across web development, database management, machine learning, deep learning, artificial intelligence, and mobile app development

- Developed responsive websites using HTML and CSS
- Built predictive models using Python in machine learning
- Collaborated with a team to create a handwriting recognition system for document comparison and plagiarism detection using CNNs and RNNs in deep learning
- Developed a chatbot using IBM Watson for artificial intelligence projects
- Created dynamic applications using Flutter
- Maintained and updated an NGO's website built on WordPress, gaining hands-on experience in content management and plugin configuration
- Currently working on building a Figma clone using Bootstrap 5 to deepen front-end development skills and UI/UX understanding

STRENGTHS

& Key Skills

Team collaboration, time management, adaptability

SKILLS

CSS   Deep Learning   Figma

Flutter   HTML   IBM Watson

JavaScript   Python   React   SQL

Watson   WordPress   Bootstrap 5

Canva

INTERESTS

G Hobbies

Sketching , painting, reading, photography, and volunteering with NGOs
